

EDX-607, 6CH Lighting Controller

The generation 2 of EDX-607 by Lite-Puter is not only a powerful all-in-one home lighting controller, but also can detect the power current status to reduce the output automatically to protect the lamps and safety at home.

In addition to a lighting controller, EDX-607 can also control curtain, air-conditioner, stereo, integrating many home appliances in an energy-saving way.

Dimension: 21.2 x 11.4 x 6 cm (W.H.D)

EDX-607 application 1:

De Moura's Creativities Restaurant

- » Lighting design by LADAC
- » Interior design by LADAC

- » Picture credits by Lite-Puter

De Moura's Creativities Restaurant is located on an old-fashioned community in Taipei city. Without menu, it provides the most creative cuisine with the finest ingredient for customers.

Aesthetics in Eastern Meditation

The lighting of De Moura was designed by LADAC. All fixtures are driven by Lite-Puter's "signature" product, EDX-607. For customers' comfort, the main décor was arranged 48 seats only, including balcony and interior space. Chinese Ming dynasty furnishing was chosen to mix modern space with old-fashioned eastern style.

Comfortable Lighting and Energy Saving

Green Lighting Design:

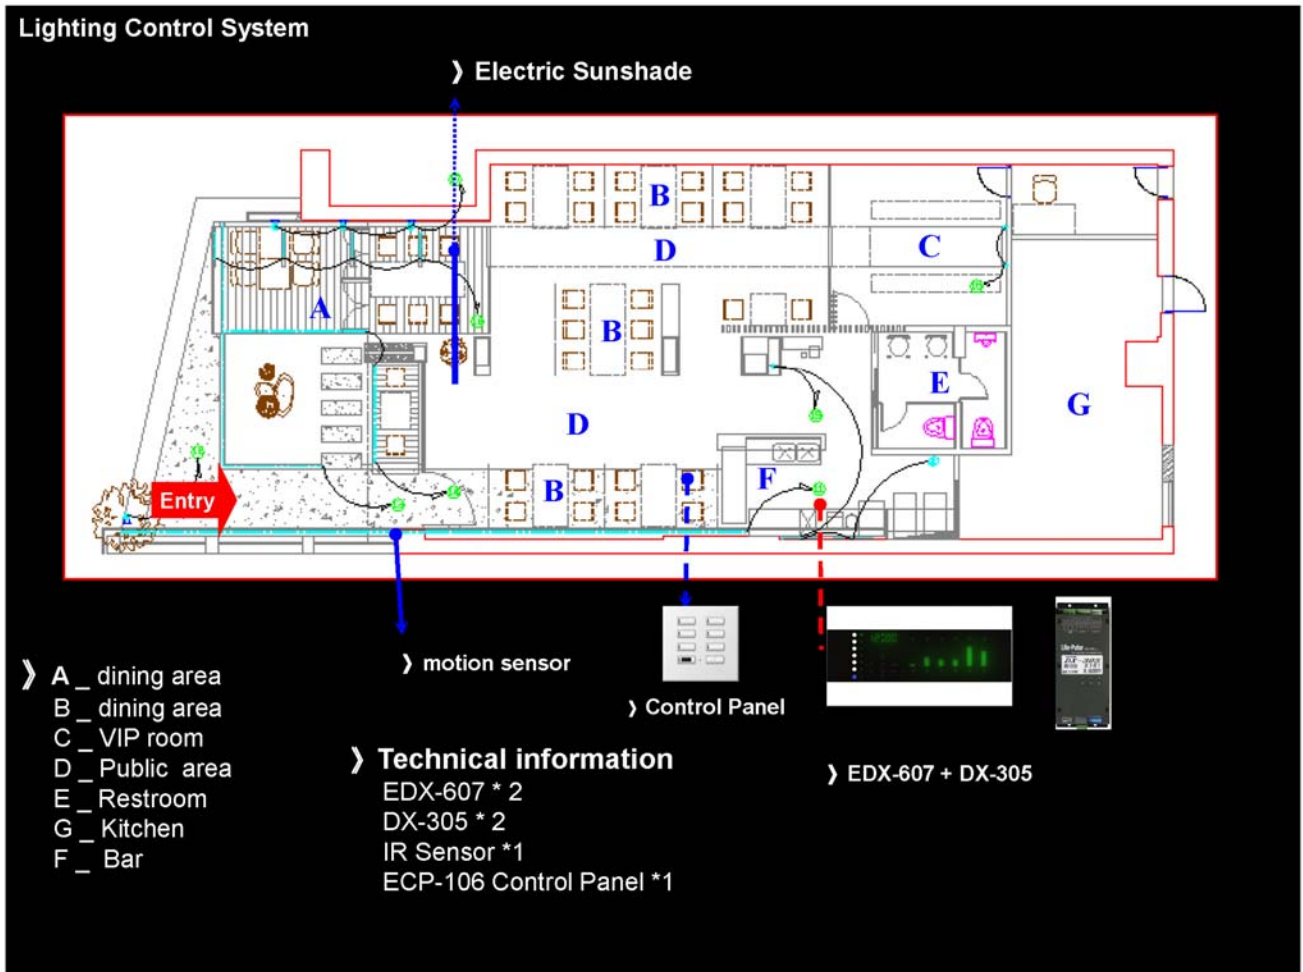

- Artificial lighting: Use LED and tungsten lamp.
- Natural lighting: Controlled by electric sunshade
- Energy-saving lighting: Using the dimmer (EDX-607) to control the load output

Lighting Control Planning

- Meal preparation: Turn on the aisle light only. (Scene 1)
- Lunch time: Turn on 80% by dimmer setting. (Scene 2)
- Tea time: Turn on 50% by dimmer setting. (Scene 3)
- Dinner time: Turn on 80% at whole space (Scene 4)

- Break time: Use the fader function to remind customer that the restaurant is closing.
- Closure time: Keep the light at the entrance and light with motion sensor for security.
